

GENERAL DESCRIPTION

The McBride SMC40E surface mount back box is designed for Public Address Systems to provide a sturdy baffle mount, speaker protection and back wave cancellation.

Constructed of heavy gauge steel for extra rigidity and resistance to corrosion, the SMC40E utilizes standard screw mounting for use with our MC12 (round) and MC70 (square) flush ceiling baffles.

The McBride SMC40E surface mount back box features two quick mount brackets with slotted holes and a tough satin white baked enamel finish.

ARCHITECTURAL SPECIFICATIONS

MODEL SMC40E

The Surface Mount Ceiling Back Box Shall be a McBride Model SMC40E. The back box shall be constructed of heavy gauge steel and shall measure 6-5/8 inches square and 4 inches deep. The baffle mounting holes shall be spaced on 4-13/16 inch centres. The MC12 (round) and MC70 (square) McBride flush ceiling baffles shall mount to the SMC40E with screws to the provided speed nuts. Two quick mount brackets with slotted holes shall be provided to mount the SMC40E. The back box shall be finished in satin white with a tough baked enamel.
